

OUR SERVICES

Cheema is best at providing solutions to your tool and manufacturing needs.

Whether client needs are basic tool and die work or precision custom machining, we offer consistent, quality work.

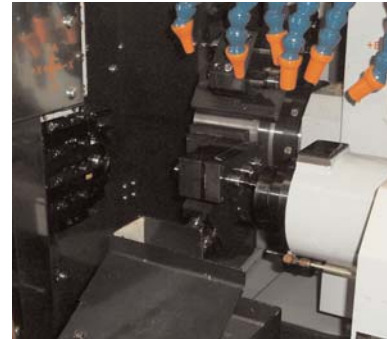

- CNC production machining
- molds
- precision custom machining tool and die work

OUR DEDICATION

Cheema has a solid track record of results.

Although our client base grows daily, we haven't forgotten who was there in the beginning. We are proud of our continued support of small businesses in Alberta. We believe communication and integrity are key components in our relationships with our clients.

CHEEMA IS A PROFESSIONAL COMPANY PROVIDING HIGH CALIBER SERVICES AND PRODUCTS

Cheema is committed to using the latest technological advances to ensure we build an exceptional supplier relationship.

The quality of Cheema's work instills loyalty and trust in our customers. We realize that both cost and quality are factors in obtaining your long-term business. We meet that challenge every day.

THE MACHINE SHOP

CHEEMAS' Machinist Shop assets consist of:

- 5 CNC Lathes
 - 1 CNC Centre with 5 axis
 - 6 CNC Milling Centres
 - 14-Axis Machining Centre (Twin 65 Guildmeister)
 - 1 Swiss Style Screw Machine - for high production
- As well as a full compliment of manual machines

All machines and tools are maintained and calibrated to ensure the highest quality and workmanship

OUR COMPANY

Cheema Tool & Manufacturing Ltd. is a family-owned business that provides high-quality machining, custom design and drafting, as well as tool and die work.

Cheema has experienced steady well controlled growth since our beginning in 1994. We maintain minimum overhead costs, maximizing equipment quality and attracting and challenging some of the best technical people in our industry. Our expanding client list includes both small businesses and industry giants. No matter the size of the customer or the job, we can handle the project.

Our business success is a direct result of our ability to help our customers succeed. 'Satisfaction Guaranteed' is our promise to each and every client.

OUR PEOPLE

Cheema's success is rooted in our professional team of experienced workers. While we know equipment is important, and we have state-of-the-art machines, we also realize that dedicated employees make a real difference.

Our workers are grounded in the Western Canadian work ethic. Their hard work is complemented by creativity and an entrepreneurial spirit.

The company's staff is particularly adept at taking your ideas from the concept stage to prototype to final product.

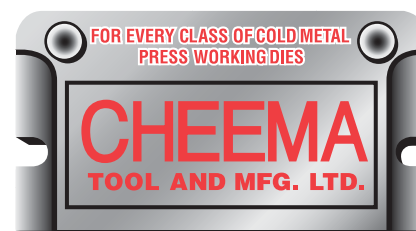

We are united in a common goal, to help you meet your needs on time and ensure complete satisfaction with the finished product.
